Stevensville, -:- Michigan

✂ ✂ ✂ INTRODUCTION ✂ ✂ ✂

It gives us great pleasure to present this little catalogue to our many customers and friends. Our aim is not to offer the largest list but to offer a selection of the finest varieties for home culture. The collection we offer embraces the introductions of such noted hybridizers as Childs, Kunderd, Diener and others.

✂ ✂ CULTURAL DIRECTIONS ✂ ✂

Set the bulbs from 6 to 9 inches apart and about 4 to 5 inches deep. Plant as soon as the earth is in a mallow condition usually after trees are out in leaf and until June 15th. All that is required is fairly good soil and enough attention to keep the weeds down. In the fall, before hard frost, take up the bulbs, remove the tops and leave to dry in the air for a few days. Store in some cool place secure from frost to be planted again the following year.

✂ ✂ ✂ ✂ TERMS ✂ ✂ ✂ ✂

Cash with order. Remittance may be sent in any way most convenient to the purchaser. We pay postage on all shipments, anywhere in The United States.

✂ ✂ ✂ ✂ PRICES ✂ ✂ ✂ ✂

The prices in this list are for large blooming size stock one and one-fourth inches and up indiameter. Those wishing planting stock and bulblets, please write for prices.

✂ ✂ TO FORMER CUSTOMERS ✂ ✂

We want to thank our old customers for their business which has made our success possible and our new customers for an opportunity to show them what we have to offer them in the way of quality bulbs.
